CHARTERING IN EUROPE?

YOU WILL NEED A RECOGNISED ICC
(INTERNATIONAL CERTIFICATE OF COMPETENCY)

It is now mandatory to hold a recognised International Certificate of Competency (ICC) if you wish to charter a boat in certain European and Scandinavian countries. IYT is uniquely authorised to issue ICCs on behalf of the Irish Government and the British Maritime and Coastguard Agency (MCA).

The ICC is a product of the United Nations Economic Commission for Europe (UNECE) Resolution 40 and provides documentary assurance from one Government to another that the holder meets the levels of competence laid down in Resolution 40 to safely operate a pleasure boat.

The following countries have adopted Resolution 40 and officially accept the ICC as proof of boating competence within their territory:

Austria	Finland	Netherlands
Belarus	Germany	Norway
Belgium	Hungary	Romania
Bulgaria	Ireland	Slovakia
Croatia	Lithuania	Switzerland
Czech Republic	Luxembourg	United Kingdom

The following countries have not adopted resolution 40 but do accept ICC's for use within their territory:

- France
- Italy
- Poland

The following countries have not accepted Resolution 40 but may require some other proof of boating competence before chartering there (check before you leave):

- Greece
- Moldova
- Portugal
- Spain
- Russian Federation
- Serbia
- Sweden
- Ukraine
- United States

CEVNI ENDORSEMENT: Almost all inland waterways require an ICC with CEVNI inland endorsement which is required for navigating inland waters, lakes, rivers and canals. CEVNI is the Code Europeen Des Voies De Navigation Interieure (Revision 2)

WHAT ENDORSEMENTS ARE REQUIRED FOR DIFFERENT TYPES OF VESSEL AND WATERS?

The endorsement may be:

- Power <24m
- Power <10m
- Sail <24m & Power <10m (for operating the tender)
- PWC - personal watercraft
- Coastal Waters
- Inland Waters (CEVNI)

WHAT SKILLS AND KNOWLEDGE ARE REQUIRED TO OBTAIN AN ICC?

The ICC requires both theory and practical examination. The written examination must be conducted in a recognised IYT partner school and usually takes about 1 hour. The ICC and CEVNI theory preparation course is available on-line at www.getanicc.com.

The practical examination takes place on either a power or sailboat (depending on desired endorsement) and usually takes about 2 to 3 hours.

Candidates are required to prove practical competency in boat handling skills, docking, manoeuvring in confined spaces, navigation, pilotage, weather, man overboard and vhf radio operations.

For a sail endorsement, candidates must also demonstrate competency in sail handling, tacking, jibing and sailing on and off an anchorage.

WHICH IYT CERTIFICATES ARE RECOGNISED FOR OBTAINING AN ICC WITHOUT THE NEED FOR ANY FURTHER EXAMINATION?

IYT Course

IYT Small Powerboat & RIB Master
 IYT International Flotilla Skipper Sail
 IYT International Flotilla Skipper Power
 IYT International Bareboat Skipper Sail
 IYT International Bareboat Skipper Power
 IYT Yachtmaster Coastal Sail
 IYT Yachtmaster Coastal Power
 IYT Yachtmaster Offshore Sail
 IYT Yachtmaster Offshore Power
 IYT Yachtmaster Ocean
 IYT Master of Yachts Coastal/ Mate 200 Tons Sail
 IYT Master of Yachts Coastal/ Mate 200 Tons Power
 IYT Master of Yachts Limited Sail
 IYT Master of Yachts Limited Power

ICC Certification/Endorsement (m=meters, gt=gross tons)

Power <10
 Sail <24m, <80gt & Power <10m
 Power <24, <80gt
 Sail <24m, <80gt & Power <10m
 Power <24, <80gt
 Sail <24m, <80gt & Power <10m
 Power <24m, <80gt
 Sail <24m, 80gt & Power <10m
 Power <24, <80gt
 Dependent on seetime experience
 Sail <24m, <80gt & Power <10m
 Power <24m, <80gt
 Sail <24m, <80gt & Power <10m
 Power <24m, <80gt

Ireland & MCA
 Approved ICCs

IMPORTANT NOTICE - PLEASE BE SURE YOU HOLD A RECOGNISED ICC!

There are a number of boating organisations offering ICCs that are not recognised by the European Union and are not approved by any government authority. if in doubt please contact your charter company or info@iytworld.com.
